ASSET MANAGEMENT

The REIT deploys active asset management to create long-term property and unitholder value

Long Term Lease Renewals

- Securing key tenants:
 - In 2017, the REIT completed a 10-year renewal and expansion with Johnson Insurance at the Johnson Building at a 32% increase to expiring rent
 - In 2016, the REIT completed a 11-year renewal with Medavie Blue Cross at the Blue Cross Centre, increasing building WALT by 4.7 years

Asset Repositioning Strategies

- Unlocking value:
 - The REIT is currently working on a repositioning at 225 Duncan Mill, where it will invest capital in order to align the property with other Class A and B assets in the market
 - Completed property improvement plan at Delta Brunswick Hotel which resulted in a ~25% increase in average rates and material improvements in occupancy

SLAM Platform

- Leveraging relationships:
 - Preferred broker counterparty
 - Access to capital markets
 - Equity research coverage
 - Acquisition pipeline
 - Community involvement/outreach

Future Development

- Creating value:
 - Redevelopment of Maritime Centre in Halifax including a new food court, increased parking, and improved pedestrian experience. This project is on schedule to begin this year
 - The REIT will explore capitalizing upon Fortis Building's location on the high street of downtown St. John's, NL

CASE STUDIES

Case Study: Maritime Centre

- Acquired as part of the Fortis portfolio with Bell Aliant vacating 194,958 sq. ft. of office space
- The REIT secured leases with six credit quality tenants including the Province of Nova Scotia, Salesforce, and Volta Labs for 135,488 sq. ft.
- The rental rates on the new leases represent a 43% increase to the expiring Bell Aliant rent, and the REIT has now made back all income after ~70% of GLA has been leased
- The remainder is expected to be leased in 2018 at similar rates, resulting in almost \$1M of incremental income

Case Study: 427 Corridor

- In Spring 2017, the REIT acquired West Metro Corporate Centre and Commerce West, comprising over 1M sq. ft. on the 427 Corridor in Toronto
- At acquisition, in place rents were estimated to be 12% below market
- One year after acquisition, the weighted average lease term at West Metro has increased by 20%
- Successfully renewed the largest tenant resulting in rental increases of 4%
- Harvested over \$20M of equity through a refinancing

CASE STUDIES

Case Study: 4211 Yonge Street

- The property is now 96% occupied, an increase from 88% in 2014, and rents have increased by over 12% over the same period
- The property is still showing strong leasing momentum, and it is expected to continue to see rental increases in the future
- Harvested over \$8.5M through a refinancing based on increased valuation

Case Study: SNC Campus

- \$46M commitment to revitalize Sheridan Park facilities as the REIT's largest Tenant, SNC-Lavalin, extended its lease for 10 years significantly below new construction rents
- Successful repositioning of existing assets into state of the art facilities for a research and development campus and headquarters for SNC-Lavalin's nuclear division
- Recipient of "Office Lease of the Year" at the 2016 REX awards

CAUTIONARY STATEMENTS

Forward-Looking Statements

This presentation contains forward-looking information within the meaning of applicable securities laws. These statements include, but are not limited to, statements concerning the REIT's objectives, its strategies to achieve those objectives, as well as statements with respect to management's beliefs, plans, estimates, and intentions, and similar statements concerning anticipated future events, results, circumstances, performance or expectations that are not historical facts. Readers should not place undue reliance on any such forward-looking statements. Forward-looking information involves known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements of the REIT to be materially different from any future results, performance or achievements expressed or implied by the forward-looking information. Actual results and developments are likely to differ, and may differ materially, from those expressed or implied by the forward-looking statements contained herein. Such forward-looking statements are based on a number of assumptions that may prove to be incorrect, including, but not limited to, the continued availability of mortgage financing and current interest rates; the extent of competition for properties; assumptions about the markets in which the REIT and its subsidiaries operate; the global and North American economic environment; and changes in governmental regulations or tax laws. Although the forward-looking information contained in this presentation is based upon what management believes are reasonable assumptions, there can be no assurance that actual results will be consistent with these forward-looking statements. Certain statements included in this presentation may be considered "financial outlook" for purposes of applicable securities laws, and such financial outlook may not be appropriate for purposes other than this presentation. Except as required by applicable law, the REIT undertakes no obligation to publicly update or revise any forward-looking statement, whether as a result of new information, future events or otherwise.

Non-IFRS Measures

This presentation contains financial measures that do not have a standardized meaning under International Financial Reporting Standards ("IFRS") as prescribed by the International Accounting Standards Board. Slate Office uses the following non-IFRS financial measures: Funds from Operations ("FFO"), Adjusted Funds from Operations ("AFFO"), Net Operating Income ("NOI"), and Earnings Before Interest, Taxes, Depreciation and Amortization ("EBITDA"). Management believes that in addition to conventional measures prepared in accordance with IFRS, investors in the real estate industry use these non-IFRS financial measures to evaluate the REIT's performance and financial condition. Accordingly, these non-IFRS financial measures are intended to provide additional information and should not be considered in isolation or as a substitute for performance measures prepared in accordance with IFRS. In addition, they do not have standardized meanings and may not be comparable to measures used by other issuers in the real estate industry or other industries.

Use of Estimates

The preparation of the REIT financial statements in conformity with IFRS requires management to make estimates, judgments and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Management's estimates are based on historical experience and other assumptions that are believed to be reasonable under the circumstances. Actual results could differ from those estimates under different assumptions.
