Q2 2018

WHO WE ARE

(All amounts in this presentation are in U.S. dollars unless otherwise stated)

- **Pure Play:** 99% grocery-anchored portfolio, entirely located in the United States
 - 86 properties located across 21 states totaling 11.1 million square feet¹
- **Focused Strategy:** Build scale in large markets with market-leading grocers
 - Focus on over-looked secondary markets in Metropolitan Statistical Areas (“MSAs”) with populations of 1 million or more
- **Embedded Growth:** Below-market rents, limited new grocery store supply driving occupancy gains, and anchor redevelopment opportunities
- **Operators:** Apply hands-on real estate expertise through a proactive approach to unlock value in historically under-managed real estate

OPPORTUNITY FOR GROWTH

Target overlooked markets for mispriced assets

ABILITY TO BUILD SCALE IN THE U.S.

There are ~15x more grocery stores in the U.S. than in Canada and the largest U.S. landlord only controls ~1% of the inventory, resulting in a fractured investment landscape in which to build scale (1 shopping cart represents ~500 grocery stores)

United States | ~38,000 Grocery Stores

Canada | ~2,700 Grocery Stores

FOCUS ON GROCERY RETAIL

Our strategy offers several attractive **long-term defensive** characteristics

- The grocery business is non-cyclical and resilient to economic fluctuation
 - Visits to grocery stores average 2-3x per week driving strong foot traffic, attracting other tenants to the center
- Grocery retail is the least threatened by the increasing popularity of e-commerce
- Grocery stores are strategically located close to houses in dense neighbourhoods making it difficult to replace their efficiency online

99%

\$700 bln

U.S. grocery sales annually—the largest consumer segment by 70%

FOCUS ON NECESSITY-BASED TENANTS

We derive the **majority of our income** from retailers that provide in-person services and leverage their stores to provide e-commerce solutions

FOCUS ON NECESSITY-BASED TENANTS

Grocery-anchored **neighborhood** shopping centers are located close to households serving as **local food distribution points**

RETAIL WILL ALWAYS CHANGE

We are consistently taking the opportunity to upgrade tenant mix as many thriving retailers are growing their store count today

WELL-POSITIONED IN THE CYCLE

High occupancy and historically low new construction creates **upward pressure on rents**

EMBEDDED LEASING UPSIDE

Significant runway remains to **reset expiring rents upward** to market rents

Average lease renewals <10,000 square feet in 2018: \$16.78

LEVERAGING PLATFORM FOR FUTURE ORGANIC GROWTH

242,401 square feet of leases signed in Q2 2018

EMBEDDED LEASING UPSIDE

Growth through opportunistic acquisition followed by **leasing and value creation**

- Mark-to-market spread on shop space leases was 8.9% YTD in 2018
- 452 naked leases¹ expiring through 2022 totaling 1.1M square feet
- Cumulative growth in new per square foot rental rates is 17.7% from 2011 through 2017

¹Naked leases are defined as leases with no remaining options

VALUE CREATION THROUGH REDEVELOPMENT

Progress to date exemplifies opportunity to grow NOI and create value

- Projected incremental income of **\$3.7M** drives potential value creation of **\$54.1M** across 7 wholly-owned active redevelopment projects
- Estimated incremental yield on cost of ~10% assuming total estimated project costs of **\$37.8M**

VALUE-ADDED ASSET MANAGEMENT **ST. ELMO CENTRAL SHOPPING CENTER**

Investment thesis

- 10-acre site along main retail corridor where undulating topography limits new development
- Performance hindered by unwillingness of existing landlord to reinvest in the property
- Invest new capital to exploit premier location and reinvigorate desirability
- Improve tenant credit quality and mix of retail offering to be more synergistic
- Purchase at discount to replacement cost at \$81 per square foot with under market rents

Outcome

- Replaced existing anchor tenant with new and growing grocery concept
- Completed a major \$5.7M property upgrade with \$5.0M contribution from anchor tenant
- Built new 2-storey brick-and-glass façade, installed full-service gas station, re-paved parking lot, full roof replacement, landscaping upgrade, and LED light installation
- Replaced local retailers with national retailers and extended lease term with limited capital investment from Slate

Date of acquisition: August 2012

Purchase price:	\$6.1M
Occupancy:	100.0%
Yield:	9.5%
Lease term:	3.6 years

Operating performance

- Increased net operating income 22.7%

VALUE-ADDED ASSET MANAGEMENT WESTHAVEN TOWN CENTER

Investment thesis

- Retail center serving as the commercial focal point for a 1,550 acre master planned community located in an affluent neighborhood south of Nashville, TN
- Distressed seller monetizing retail parcel to fund remaining housing development
- 50% completed but once finalized, community includes 3,000 captive homes for retail tenants
- Existing landlord focused on housing development presenting an opportunity for a focused real estate manager to complete lease up
- Increase in grocery-anchor sales would result in percentage rent payments

Outcome

- Kroger completed a major store remodel in 2016 at their cost as a result of strong sales growth
- Growth in home construction spurred tenant demand resulting in lease up to 100% occupancy
- Growth in tenant sales resulted in percentage rent payments
- Sold non-core office outparcel in Q1 2018 for \$8.8M reducing basis in center to less than \$6.0M

Date of acquisition: December 2012

Purchase price:	\$14.5M
Occupancy:	96.1%
Yield:	8.2%
Lease term:	4.1 years

Operating performance

- Increased net operating income 32.5%
- Increased occupancy to 100.0%
- More than doubled overall lease term
- Accretively sold non-core office outparcel

Year-end 2017

IFRS value:	\$12.5M
Realized proceeds:	\$8.8M

VALUE-ADDED ASSET MANAGEMENT MITCHELLVILLE PLAZA

Investment thesis

- 15-acre site located 20 miles east of Washington, DC
- Corner parcel at the intersection of two major thoroughfares results in dominate retail location
- Anchored by Food Lion that struggled to keep up with improving demographics
- Replacing Food Lion with higher-end grocer would result in more foot traffic and increased demand
- Existing landlord passing on leasing opportunities due to capital constraints

Outcome

- Replaced Food Lion at expiration of their term with grocer Weis Markets
- Weis completed a major store remodel and upgraded service offering to better serve local customer base driving meaningful sales growth
- Executed ground-lease for construction of outparcel with Dunkin Donuts generating income 3x in excess of the costs to provide build-ready pad
- 39 new and renewal executed lease deals driving NOI growth and increase in occupancy

VALUE-ADDED ASSET MANAGEMENT **MERCHANTS CROSSING**

Investment thesis

- 16-acre site located 30 miles south of Atlanta located in a well-established retail node
- Located in one of Georgia's fastest growing cities with the population doubling since 2000
- Anchored by Kroger who has been operating on site since 1987
- Minimal on-going capital required following Kroger's major interior and exterior remodel in 2012 which included the addition of a full-service fuel center on site
- Purchase center with 30,000 square foot vacant box (former Kmart) below replacement cost at \$59 per square foot

Outcome

- Continued growth in Kroger's sales driving increased foot traffic and ancillary tenant demand
- Back-filled vacant 30,000 square foot Kmart box with an 8-year lease term
- Increased occupancy to 95.2% driven robust new and renewal leasing activity
- Four remaining vacant units provide opportunity for future income growth

Date of acquisition: June 2014

Purchase price:	\$10.3M
Occupancy:	78.2%
Yield:	7.5%
Lease term:	6.7 years

Operating performance

- Increased net operating income 34.7%

VALUE-ADDED ASSET MANAGEMENT **NORTH AUGUSTA PLAZA**

Investment thesis

- 20-acre site along main retail corridor located less than 7-miles from Augusta National Golf Club
- 90,000 square foot Kmart with weak sales and under market rent is not highest and best use
- Replacing Kmart would reinvigorate center driving rent increases in shop space as well
- Anchored by a recently remodeled Publix with strong sales and long operating history
- Purchase at a discount to replacement cost at \$82 per square foot

Outcome

- Replaced Kmart with junior anchor tenants led by investment-grade Ross Stores, Inc.
- New glass facades, parking lot re-pave, roof replacement, new sidewalks, lighting upgrade
- Capital upgrades and new tenancies spurred interest from Chipotle Mexican Grill who built a drive-thru restaurant on site
- Renewing existing shop space tenants at more than 10.0% increase to expiring rents following redevelopment

Date of acquisition: December 2013

Purchase price:	\$19.0M
Occupancy:	94.1%
Yield:	8.8%
Lease term:	4.2 years

Operating performance

- Increased net operating income 42.2%
- 114% increase rent replacing Kmart
- 10-year lease term achieved on junior anchor leases
- \$10.9M of capital upgrades driving rent growth and cap rate compression
- Net operating income received through development period (2014-2017) ~\$6.0M

Year-end 2017

CAUTIONARY STATEMENTS

Forward-Looking Statements

This presentation contains forward-looking information within the meaning of applicable securities laws. These statements include, but are not limited to, statements concerning the REIT's objectives, its strategies to achieve those objectives, as well as statements with respect to management's beliefs, plans, estimates, and intentions, and similar statements concerning anticipated future events, results, circumstances, performance or expectations that are not historical facts. Readers should not place undue reliance on any such forward-looking statements. Forward-looking information involves known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements of the REIT to be materially different from any future results, performance or achievements expressed or implied by the forward-looking information. Actual results and developments are likely to differ, and may differ materially, from those expressed or implied by the forward-looking statements contained herein. Such forward-looking statements are based on a number of assumptions that may prove to be incorrect, including, but not limited to, the continued availability of mortgage financing and current interest rates; the extent of competition for properties; assumptions about the markets in which the REIT and its subsidiaries operate; the global and North American economic environment; and changes in governmental regulations or tax laws. Although the forward-looking information contained in this presentation is based upon what management believes are reasonable assumptions, there can be no assurance that actual results will be consistent with these forward-looking statements. Certain statements included in this presentation may be considered "financial outlook" for purposes of applicable securities laws, and such financial outlook may not be appropriate for purposes other than this presentation. Except as required by applicable law, the REIT undertakes no obligation to publicly update or revise any forward-looking statement, whether as a result of new information, future events or otherwise.

Non-IFRS Measures

This presentation contains financial measures that do not have a standardized meaning under International Financial Reporting Standards ("IFRS") as prescribed by the International Accounting Standards Board. Slate Retail uses the following non-IFRS financial measures: Funds from Operations ("FFO"), Adjusted Funds from Operations ("AFFO"), Net Operating Income ("NOI"), and Earnings Before Interest, Taxes, Depreciation and Amortization ("EBITDA"). Management believes that in addition to conventional measures prepared in accordance with IFRS, investors in the real estate industry use these non-IFRS financial measures to evaluate the REIT's performance and financial condition. Accordingly, these non-IFRS financial measures are intended to provide additional information and should not be considered in isolation or as a substitute for performance measures prepared in accordance with IFRS. In addition, they do not have standardized meanings and may not be comparable to measures used by other issuers in the real estate industry or other industries.

Use of Estimates

The preparation of the REIT financial statements in conformity with IFRS requires management to make estimates, judgments and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Management's estimates are based on historical experience and other assumptions that are believed to be reasonable under the circumstances. Actual results could differ from those estimates under different assumptions.
